

# You're My Idol

Donnie Klang

My female messiah so glad that you came  
Your presence has touched me, my whole world has changed  
I'm walking on water, you strengthen my faith  
It feels like I feel ya, your knees drop afraid to pray, pray  
Just like a perfect work of art, Picasso on display  
Girl you're my inspiration  
You're my idol or the bible  
And I must confess your love is the best  
You're my idol and only I know  
How to worship you girl  
I'll never leave, I'll never leave  
That's where I will be, oh, oh, oh  
That's where I will be  
Your love's like a temple so sacred and precious  
You have my heart and that's my confession  
I found the truth and I found it in you  
Everything you teach me I'll use  
Just like a perfect work of art, Picasso on display  
Girl you're my inspiration  
You're my idol or the bible  
And I must confess your love is the best  
You're my idol and only I know  
How to worship you girl  
You're my idol or the bible  
And I must confess your love is the best  
You're my idol and only I know  
How to worship you girl  
I'll never leave, I'll never leave  
That's where I will be, oh, oh, oh  
That's where I will be  
Had a vision I saw you girl and I couldn't even breathe  
My body shakes, there's no time  
So I pray to the universe, how long will it be?  
How long will it take you?  
You're my idol or the bible  
And I must confess your love is the best  
You're my idol and only I know  
How to worship you girl  
You're my idol or the bible  
And I must confess your love is the best  
You're my idol and only I know  
How to worship you girl  
I'll never leave, I'll never leave  
That's where I will be, oh, oh, oh  
That's where I will be
