

Miss You

Phish

You're smiling at me
From your picture frame
And I miss you
My life keeps on changing
But you stay the same
I miss you
So many moments
That we should have shared
I miss you And the days turn to years
And it hasn't stopped yet
The memories we shared
I will never forget
No I will never forget There's a hole in my heart
That will never be filled
I miss you
This all should get easier
But it never will
I miss you
I float through the days
And the long lonely nights
I miss you And I hear your footsteps
You're coming down the stairs
Lost in your laughter
The sun in your hair
A brief recollection
The light in your eyes
I see the reflection
But it passes by
It passes me by
