

# Soul Holidays

## Sounds of Blackness

Time to celebrate  
Let's all come together  
To share our hearts of love  
That we feel for one another

This holiday  
Loveliest day  
We like to share it our special way

Christmas  
New Year's Day  
Thanksgiving  
Soul holidays  
Soul holidays  
Soul holidays

In celebrations fill with holiday cheers  
Let's not forget why we're here  
'Cause there is no regrets  
For every season  
We give our life to who we really live
