Natural Woman

Crystal Bowersox

Looking out on the morning rain
I used to feel so uninspired
And when I knew I had to face another day
You know it made me feel so tired
Before the day I met you, life was so unkind
But you're the key to my peace of mindYou make me feel, you make me feel, you make me feel like
A natural womanWhen my soul was in the lost-and-found
You came along to claim it
I didn't know just what was wrong with me
Till your kiss helped me name it
I'm no longer doubtful what I'm living for
If I make you happy I don't need no moreYou make me feel, you make me feel, you make me feel like
A natural womanOh, baby, what you've done to me
You make me feel so good inside
And I just want to be close to you
You make me fell so alive
You make me feel, you make me feel, you make me feel like
A natural woman
