

# Check Come

## French Montana

I ain't lovin' you no more  
When the check come I'm through with that ho  
Man I'm tellin' you  
There ain't nothin' else you can do with that ho  
Check come, Weight Watch, I'm through with that ho  
Wait watch, I'm through with that ho  
Check come in, Weight Watch, I'm through with that ho  
Nothin' else you can do with that ho  
Nothin' else, nothin' else Niggas chop, pop, (?), ain't y'all worried bout it?  
No baby mama's, just kiss her, she ain't gotta worry bout it  
Good mornin's apologies, she heard about it  
Cat right there ain't hard to feed ain't scurred about it  
Sittin' right next to that dank of G's  
Try to iron all the shit out to like 20 creases  
Me and my niggas go way back, got a million secrets  
These days can't go to sleep, get caught sleepin'  
I ain't lovin' you no more  
Check come I'm through with that ho  
I ain't lovin' you no more  
Check come I'm through with that ho  
Man I'm through with that ho  
Man I'm through with that ho  
Check come I'm through with that ho  
Man I'm through with that ho  
Through with that ho  
Through with that ho  
Through with that ho  
Through with that ho  
Check come I'm through with that ho  
Got two bitches, 100 grand a piece  
Slick Rick James, Mona Lisa  
Once I cop the check she ain't gotta lease it  
I be thinkin' bout my son like I gotta teach him  
Man I fell in love for her mama rose  
Once the check came I bought another road  
Shit gotta paid, ah  
Rent can't be late, ah  
You still my ho Once the check come I'm through with that ho  
She's still my ho

Check come I'm through with that ho  
Man I'm through with that  
Through with that  
I'm through with that  
I'm Through with that  
I'm Through with that  
Through with that  
I'm Through with that  
I'm Through with that  
I'm Through with that  
I'm Through with that  
I'm Through with that  
I ain't lovin' you no more  
I ain't lovin' you no more  
I should never trust that ho  
I ain't lovin' you no more  
I'm sippin' lean just walkin' by  
I should never trust that ho  
I ain't lovin' you no more  
I ain't lovin' you no more  
I ain't lovin' you no more

When the check come I'm through with that hoI ain't lovin' you no more

When the check come I'm through with that ho  
Man I'm tellin' you  
There ain't nothin' else you can do with that ho  
Check come, Weight Watch, I'm through with that ho  
Wait watch, I'm through with that ho  
Check come in, Weight Watch, I'm through with that ho  
Nothin' else you can do with that ho  
Nothin' else, nothin' elseI ain't lovin' you no more  
When the check come I'm through with that ho  
Man I'm tellin' you  
There ain't nothin' else you can do with that ho  
Check come, Weight Watch, I'm through with that ho  
Wait watch, I'm through with that ho  
Check come in, Weight Watch, I'm through with that ho  
Nothin' else you can do with that ho  
Nothin' else, nothin' else
