

# Love Sweet Love

## Morcheeba

Hey music man, just play something cool  
We love the sunshine to dance by the pool  
Down with the crew known to pump up the bass  
We rock the joint at a cool steady pace Love sweet love  
Just a little understanding  
Up above  
Way down deep inside Love sweet love  
Just a little understanding  
Up above  
Way down deep inside Rock and roll music's a thing of the past  
We blow up the spot and get caught in the blast Love sweet love  
Just a little understanding  
Up above  
Way down deep inside Love sweet love  
Just a little understanding  
Up above  
Way down deep inside Woh hoh, woh hoh, yeh heh  
Woh hoh, woh hoh, yeh heh  
Woh hoh, woh hoh, yeh heh  
Woh hoh, woh hoh, yeh heh Huh huh Morcheeba  
Huh, yes, yes you're like that  
As a matter of fact, twist to kiss like this  
Huh, it's fat like a Christmas list And I suck your stockin', keep on rockin'  
It's not too shockin', I got your pop rockin'  
Huh huh, the party got your body jammin', love sweet love  
In a movin' understanding Love sweet love  
Just a little understanding  
Up above  
Way down deep inside Love sweet love  
Just a little understanding  
Up above  
Way down deep inside Love sweet love  
You know it doesn't get demanding  
Up above  
Get down deep inside Love sweet love  
Just a little understanding  
Up above  
Way down deep inside Jack back that ya, complex what!  
Morcheeba, cross fader, ahh check me up now Woh hoh, woh hoh, yeh heh

Woh hoh, woh hoh, yeh heh  
Woh hoh, woh hoh, yeh heh  
Woh hoh, woh hoh, yeh heh
