Power Hungry

White Zombie

Out of the past
Machines of crime
Brute force side-split
Live and let die
Dealing, I am
Triumph blood is
Thicker water
Getting, power hungry
Track down, weak flesh
Some like it hot
High roll, get down
Fist face, get down
Dull years strait jacket, baby
Wired from 10 years of pain
Bending the rules seems more likely
Than going insane, insane
Sweating time, in the hot house
Toyland broken yea
Eating away, all fascination
Got the power to get away, to get away
To get away
Steel crush, destroy
Call of the soul
Money mindstorm
Run for your life
Dealing, I am
Triumph blood is
Thicker water
Getting power hungry
Future, alive
Robot, city
Take what I need
Young stuff, get down
Taking refuge in a breakdown
Extermination, starts the take down
Forming a theme, staple characters
Flying god-head
Non-conforming, precision
No direction, collision

Accelerating, evolution
Dinosaur, revolution
Slaughter house, blood slamming
Emotional, bitch scamming
Impossible, demonstrate it
Power hungry, so I
