

# Gigi

## Anita Lindblom

Gigi, am I a fool without a mind  
Or have I merely been too blind to realize?  
    Oh Gigi, why you've been growin' up  
        Before my very eyes  
        Gigi, you're not at all  
    The funny awkward little girl I knew  
        Oh no, overnight there's been  
            A breathless change in you  
    Gigi, why you were tremblin' on the brink  
Was I out yonder somewhere blinkin' at a star?  
    Oh Gigi, have I been standin'  
        Up too close or back too far?  
    When did your sparkle turn to fire  
        And your warmth become desire?  
    Oh, what miracle has made you  
        The way you are?  
    Oh Gigi, have I been standin'  
        Up too close or back too far?  
    When did your sparkle turn to fire  
        And your warmth become desire?  
    Oh, what miracle has made you  
        The way you are?
