

Light My Way

Ted Nugent

Light my way!
Baby, don't you stop my fire
I'm love
But baby, don't you stop my desire So love please, don't shoot me down
Ridin' my wheels go spinnin' around to love
Oh, she get me higher Your love shines sparks on the night side
You know your love is burnin' hot
You know is burnin' wild
Light my way!
Baby, don't you cool my desire
I'm in love
So baby, don't you stop my fire I said the things that I wanted to say
But Im goin' to love you anyway
Oh, she gets me higher. Lookout!
Light my way!
Oh, light my way!
Won't you light my way? Don't you hear what I say?
Won't you light my way?
Light my way!
