

# Terror

## Armored Saint

Many years of fighting for the cause  
Religion separates the law Loyal man bomb in his hand  
Proudly he stands  
Sacred plot, innocent shot  
Crazy patriots Terror, this is war  
Terror, feel the sword  
Terror, here's the score  
Terror, this is my war Many years of chaos, I believe  
Drawn out war for centuries C4 package the mourn  
Silent reward, purity is slayed  
Form of repay, merited praise Terror, this is war  
Terror, feel the sword  
Terror, here's the score  
Terror, this is my war I fight for belief  
My duty is complete Raining down  
Loyal man bomb in his hand  
Proudly he stands, purity slayed  
Form of repay, merited praise Terror, this is war  
Terror, feel the sword  
Terror, here's the score  
Terror, this is my  
Terror, terror, terror, terror
