Lucy / Hepcazz, Rockabilly Trio
from CD Tales From The Hepcazz
Membran Entertainment Group 2011

I know that its a burning race
But she never told me the real truth
I know that she wants me
But every day I see her other guys

Go to heaven or go to hell
Go to the underworld or pull the bell
Go on the right side or on the left
Oh Lucy tell me now what is your way
Oh Lucy tell me now what is my way

I know now she eats my soul
But I don't know if I'm her burning love
she believes her glow is hot
Only God knows her cold honesty

Go to heaven or go to hell
Go to the underworld or pull the bell
Go on the right side or on the left
Oh Lucy tell me now what is your way
Oh Lucy tell me now what is our way
