

# Full of Fire

## The Knife

Sometimes I get problems that are hard to solve  
What's your story  
That's my opinion Questions and the answers can take very long  
Here's a story  
What's your opinion Sometimes I get problems that are hard to solve  
What's your story  
That's my opinion Questions and the answers can take very long  
Here's a story  
What's your opinion Of all the guys  
And the signori  
Who will write  
My story Get the picture  
They get glory  
Who looks after  
My story All the guys  
And the signori  
Telling another  
False story Liberals giving me a nerve itch  
Liberals giving me a nerve itch  
Liberals giving me a nerve itch  
Liberals giving me a nerve Now living and always moving  
Now living and always moving Not a vagina, It's an option  
The cock, had it coming Not a vagina, It's an option  
The cock, had it coming Now living and always moving  
Now living and always falling (Sometimes I get problems that are hard to solve)  
(Here's a story)  
(That's my opinion) Liberals giving me a nerve itch  
Liberals giving me a nerve itch When you're full of fire  
What's the object of your desire?  
When you're full of fire  
What's the object of your desire?  
When you're full of fire  
What's the object of your desire? Asking questions that are easy to reply  
Asking questions that are easy to reply When you're full of fire  
What's the object of your desire? Let's talk about gender baby  
Let's talk about you and me Let's talk about gender baby  
Let's talk about you and me Let's talk about gender baby  
Let's talk about you and me Let's talk about gender baby  
Let's talk about you and me
