

Safe Place

Enter the Worship Circle

You whisper the song over me.

Iâ€™m slow to answer,

slow to speak.

I found a safe place.

How wide is your love?

How wide,

How deep,

itâ€™s untouched.

Am I not enough?

Iâ€™ve found a safe place in you

Iâ€™ve found a safe place in you

Remember the day you called my name

I was a stranger but you loved me the same

I found a safe place

How wide is your love?

How high,

How deep

itâ€™s untouched

Iâ€™m not enough

Iâ€™ve found a safe place in you

Iâ€™ve found a safe place in you

You are the one my heart is waiting for

You are my treasure,

You are my king,

You are the door

You hold me tight, you hold me quiet

You hold me safe

How wide is your love?

How deep,

How high

Itâ€™s untouched

Am I not enough?

I found a safe place in you

I found a safe place in you
