

Just Because

Ruben Studdard

Verse

Just because
I rise a lil sane
i might be tired lady
tryna understand
that doesn't mean
that you've done something wrong, noooooAnd just because,
when We have a lil fight
And i walk out on you,
And stay gone all night
That doesn't mean

That i'm not coming homeWooooohooooow Baby*Chorus*

I love you
Oh i love only you
What else, can i
Do or saymmmmmmmmI love you
Oh i love, i love only you
What would it take,
To make you want to stay*Verse*
Now just because
When sometimes you wanna make love
And i tell you not tonight, Try to understand
I work hard all day
Girl i'm doing the best, that i can. Now if you wanna go
It's up to you
But i'm telling you right now
My whole world, is gonna be misty blue
I'm begging you please
Please Please Please stayAaaayyyyyyy*Chorus*

I love you
i sure love ya love ya love ya love ya love ya love, i love you
What else, can i
Do or sayoh baby, you know that i love ya know that i....love you
Oh i love, love you, baby
What would it take,
To make you want to stay. make you wanna stay
make you wanna stay
