

The Way Of The Warrior

Hammerfall

Our time has come, get ready to fight
Sisters and brothers in metal unite
The dreams that you had are about to come true
The voice of the warrior is calling for you Turn your own deeds to his gracious glory
And he will make you see This is the way we want it to be
This is the way of the warrior
This is the way we want it to be
Walking the way, the honest will see
Walking the way of the warrior
Walking the way, the way of the warrior Blood-red the steel of swords shall flow
And by the allegiance we're ready to go
Stout out the foe, in warfare so bold
Nothing can stop us, the future we hold Brace up, defend
Never ever be, outdone in bravery This is the way we want it to be
This is the way of the warrior
This is the way we want it to be
Walking the way, the honest will see
Walking the way of the warrior
Walking the way, the way of the warrior Saints and the sinners in battle so bright
As the forces of steel will unite
The way of the warrior, the call of his life
Shall lead us all into the light The metal crusade will conquer all
Our bonds will be stronger, see the infidels fall
Surrender your soul to the Gods of steel
In the blood of the fallen the enemies kneel Turn your own deeds to his gracious glory
And he will make you see, yeah
Brace up, defend
Never ever be outdone in bravery This is the way we want it to be
This is the way of the warrior
This is the way we want it to be
Walking the way, the honest will see
Walking the way of the warrior
Walking the way, the way of the warrior This is the way we want it
This is the way we need it
This is the way, warrior This is the way we want it
This is the way we need it
This is the way of the warrior
This is the way
