Never Thought

Ja Rule

(I never thought)
That you would fall in love with this side of me first
(That I'd be)
Intrigued with the thought of the gift and the curse
(Without ya)
And now your heart broke and it's makin' it worse
(Why me?)
Why me?(I never thought)
That you would be involved with a nigga like I
(That I'd be)
Scared to look passion right in its eyes
(Without ya)
And when you found love it was nothin' but lies
(Why me? Why me?)What the fuck is ya hobby mami highway robbery
'Cuz you got enough jewelry on ya body to buy a Ferrari
I'm like Ruben I'm sorry but I don't studder
Matter fact call me Frank Love 'cuz I'd love to fuck yaShe said slow baby don't rush
I promise if you be patient I'll let you tear it up
And nigga sho nuff
We decided to keep in touch with each other, you feel me?
I didn't know we'd be touchin'I'm serious, and I'm so sincere
My object is to stay in the clear
'Cuz we find fuck and flee these broads 'round here
I done made so many women shed so many tearsSittin' home all alone gettin' drunk off of shots of Patron
Decided to call let her feelings be known
In a slurred tone, she said I always get what I want
And what I want is you, but I don't get it 'cuz(I never thought)
That you would fall in love with this side of me first
(That I'd be)
Intrigued with the thought of the gift and the curse
(Without ya)
And now your heart broke and it's makin' it worse
(Why me?)
Why me?(I never thought)
That you would be involved with a nigga like I
(That I'd be)
Scared to look passion right in it's eyes
(Without ya)
And when you found love it was nothin' but lies

(Why me? Why me?)
Why, who would've thought?Girl our, situation is gettin' a little out of my hands
You callin' me constant tellin' bitches that I'm ya man
I thought we was just friends, conversatin'
Gettin' to know one another on a friendly basisLet's face it, we from two different worlds that don't collide
But when they do the crash is more like a biz-omb
Your favorite seasons Bigati and mines is summer
You use credit I rubber band wrap my hundredsWhat we got in common is minimal right next to nothin'
And I think that's what's subliminally keepin' you comin'
Back to the one you been fuckin' but never thought you'd be fuckin'
How often do you think about the awkwardness of it?I know you love it to say the least
And I ain't just sayin' that contrary to some beliefs opposites attract
And my track record is somethin' to be expected
Money cash hoes you know how it goes(I never thought)
That you would fall in love with this side of me first
(That I'd be)
Intrigued with the thought of the gift and the curse
(Without ya)
And now your heart broke and it's makin' it worse
(Why me?)
Why me?(I never thought)
That you would be involved with a nigga like I
(That I'd be)
Scared to look passion right in it's eyes
(Without ya)
And when you found love it was nothin' but lies
(Why me? Why me?)Who would have thought that somethin' so simple
Would turn out to be detriminal
Now I'm feelin' like I'm caught in the middle
Of this love triangle between she, me and realityReality is tellin' us that we could never be
'Cuz I come from the streets and you come from a rich family
But I don't think that your family would understand me
It's just them little things you overlook when you around meDrugs guns bitches and needless to say
You're a pimp in your own way, baby
You're makin' it hard for me to look in your eyes
And tell you to move on, I'm gone, I'm goneBut then I'm back again
Money and good pussy's a fatal attraction for men
She hits me every night quarter past ten
And with every call her voice got a little more intense
Now we involved and it really don't make no sense
So be careful what you ask for you just might get it biatch!(I never thought)
That you would fall in love with this side of me first
(That I'd be)
Intrigued with the thought of the gift and the curse
(Without ya)

And now your heart broke and it's makin' it worse
(Why me? Why me?)
Why me?(I never thought)
That you would be involved with a nigga like I
(That I'd be)
Scared to look passion right in its eyes
(Without ya)
And when you found love it was nothin' but lies
(Why me? Why me?)
Why, who would've thought?
(I never thought)
(I never thought)
