Easy Prey

Rose Cora Perry

V1: Wanna get away to another place
Where the sun still shines
Where true love remainsV2: Wanna dream today of another face
That shows the world the truth
One that I can embraceChorus: Cause I've been searching too long for all the answers
But all the wisdom is gone
And in its place we're spoonfed lies and lies and hate
And I won't fall for that game
So if you're feeling the same
Don't be easy preyV3: Wanna get away for another taste
One that cuts me deep
One that you can't fakeV4: Wanna dream today of another fate
One where no one kills
One where no one hatesBridge: I've opened up my eyes to feel like I've gone blind
Living in world that can't make up its mind
I've opened up my eyes to feel like I've gone blind
Living in a world that's so, that's so, that's so (p/m) clearly dying
ClearlyOutro: Are you happy this way?
Cause I've been going insane
The lies and lies and lies and hate
I don't wanna live this way
So if you're feeling the same
Don't be easy prey
Don't be easy
