

# Westside

## Athlete

All the energetic people they all sparkle  
As they're walking down the street  
Can't see their faces but I've noticed  
They seem to have big hands  
The stage is set, is there glamor  
Who's got my Etnies? Now you know that I can see you  
And you know that it is easy  
To see me somethin' has been on my mind  
Somethin' has struck me  
Kind of odd, look out for quicksand  
There is high ground  
Who wants this rock scene? We sing  
Whenever you look you can see  
That everybody wants to be part of the rock scene  
Whenever you look you can see  
That everybody wants to be part of the rock scene Now the time has come  
And yeah, the show it must stay strong  
And are we all part of the latest craze  
Or is this how we mend our ways  
I can hear the taxi callin'  
Tellin' me we haven't left yet As the lights go on [Incomprehensible]  
And how you seem to stand out  
In a crowd you raise the tempo in the disco  
As you make this place your own  
The stage is set, is there glamor  
I'm in this rock scene Chorus!  
Whenever you look you can see  
That everybody wants to be part of the rock scene  
Whenever you look you can see  
That everybody wants to be part of the rock scene Whenever you look you can see  
That everybody wants to be part of the rock scene  
Whenever you look you can see  
That everybody wants to be part of the rock scene House on the rock  
Surely it will last forever  
House on the rock  
Don't you know it's now or never  
House on the rock  
Surely it will last forever  
House on the rock Chorus!

Whenever you look you can see  
That everybody wants to be part of the rock scene  
Whenever you look you can see  
That everybody wants to be part of the rock sceneWhenever you look you can see  
That everybody wants to be part of the rock scene  
Whenever you look you can see  
That everybody wants to be part of the rock sceneWhen, when, when, when, whenever rock scene  
When, when, when, when, whenever rock scene  
When, when, when, when, whenever rock scene  
When, when, when, when, whenever rock scene
