Where Did I Go Wrong

Sylver

Down on the corner
Is where my life began
Eyes conversating
You walked into my landLost in a dream world
A timeless tale of sin
No sudden questions
We were too deep down inWhere did i, did i go wrong
I'm sorry
But i don't, don't know, don't know what's gone
Oh won't you tell me
Where did i, did i go wrong
I'm sorry
But i don't, don't know, don't know what's gone
Oh won't you tell meMy desperation
Silently crept in
Self-preservation
A struggle hard to winNo use in crying
No use in feelin' small
No wishful thinking
Cause you can't have it allWhere did i, did i go wrong
I'm sorry
But i don't, don't know, don't know what's gone
Oh won't you tell me
Where did i, did i go wrong
I'm sorry
But i don't, don't know, don't know what's gone
Oh won't you tell me
Where
