Save Me

Lucidious

[Intro]
Have you ever felt like giving up ?
Has life ever pushed you so far
That you wanna check out ?
You're not alone
And there's hope for all of us

[Verse]
Dear Lucid, I am your biggest fan
Please write me back if you get the chance
If you can't then I would understand
You're a busy man and I'm just a fan
No one cares about me no one gives a damn
Really feel like you and me are the same
I know what you're saying I'm feeling your pain
Lately I wanna give up
But I had to tell you what your music had done
Had to tell you that you just saved my life
Within the last week man I cut myself twice
Can't believe I went that deep with a knife
Then I just fainted when blood was in sight
Next thing I saw was a hospital light
Doctor that's shaking me saying 'alright'
'LOSING HIM'
'CHECK THE PULSE'
Shock to the chest with electric volts
Faidin' away to a comatose
While the parents outside wanna hold him close
BP 140 over 75
Doctor went out to look Dad in the eye
Who was waiting to hear if his son survived
He said 'I don't know why but your son is alive'
'Tell me you believe in a God ?'
'This was the work of one like it or not'
Kid needs a father figure in his life
But instead he been watchin' Dad beat up the wife
Drinks and he fights
Records on a mic but it's way too late now
Yo he tried suicide

Step aside
The music will slowly revive
Listen I'm honored that I can help all of you people
I wish I could take away all of the evil
No I'm not a psychologistor or a therapist
Death is a bitch it's okay to be scared of it
When you feel stuck deep inside of a ditch
Listen to this before slittin' a wrist
No need to overdose over this shit
Yo I know life gets tough but you don't gotta quit
Life is a beautiful journey
Every mistake that you make you are learning
If you disagree, planting a seed
You give up now you will never succeed
Believe in yourself, handle the pressure
We'll find a way to get through stormy weather
And you're not alone we can do this together
Just always remember
I'm with you forever
