

Here We Go (Original Mix) [feat. Hannah Ray]

Masoud

Midnight
the timing is tight
the fires once consuming
quiet
and under control Refocus
one step at a time
even super heros
unwind
find time to let go Here we go now here we go
take a deep breath
start slow
here we go now here we go
Whao, yeah
Here we go now here we go
It's okay to
start slow
here we go now here we go
Whao, yeah Whao, yeah
Whao, yeah shape the rest another time
shape the rest another time Here we go now here we go
take a deep breath
start slow
here we go now here we go
Whao, yeah
Here we go now here we go
It's okay to
start slow
here we go now here we go
Whao, yeah
