

# Sing Baby Sing

## The Stylistics

Sing baby sing the world is getting better  
It's somethin' else since we're together  
Let's have a ball, let's do it all and sing  
Ain't we got it made  
(Sing baby sing)  
Ain't we got it made  
(Sing baby sing)Dance baby dance and let the sun shine on us  
There ain't a blessed thing to stop us  
Let's live it up fill up the cup and dance.  
Ain't we got it madeAin't we got it made, our love song has no end  
We're not only lovers we are friendsSo cry baby cry, our wedding bells are ringing  
And while the happy choir is singin'  
This girl and boy through tears of joy will sing  
Ain't we got it made
