

# Win and Win

## Alanis Morissette

In my old days someone won  
Those were days of win-lose  
In those bleak times i was better  
I sat high: looking down my nose

Change direction: looking up  
Iâ€™m not worthy to be with you  
We are separate Iâ€™m inferior  
I had yearnings to sit across from you

Cuz weâ€™re eye to eye  
We are win and win  
We are equal to each other  
We are flames of twin  
We are offspring of truth  
We are partner sister brother

Both directions speak a lie  
Up or down, I canâ€™t feel you  
As we battle with our power  
We are separate, not looking across

Cuz weâ€™re eye to eye  
We are win and win  
We are equal to each other  
We are flames of twin  
We are offspring of truth  
We are partner sister brother

These delusions of our grandeur  
We are locked in the struggle  
These lies of status lower  
These conclusions weâ€™re in trouble

Cuz weâ€™re eye to eye  
We are win and win  
We are equal to each other  
We are flames of twin  
We are offspring of truth

We are partner sister brother
