

Do You Mind

DJ Khaled

Another one

We The Best Music!Yo, he ain't messing with no average chick, pop, pop

He got Nicki, he know that he hit the jackpot

Every baller tryna score, check them shot clocks

But I hit 'em with them 'Bron/Iguodal blocks

Eat the cake and he suck on my toes, yes

Hitting them home runs, I'll be like "go Mets!"

I want a dude that'll still kiss me when he mad

Type to cop me diamonds, he can miss me with them bagsGirl we been right here, thinkin' 'bout it all night

Baby you should be up in my bed

Do you mind, do you mind? (DJ Khaled!)

Baby you, do you mind? Do you mind? Do you mind?I'm just trying to get to know ya

Get a little closer, maybe post up

Do you mind? Do you mind? Do you mind?

Do you mind? Do you mind? Do you mind?

Girl we been right here, thinkin' 'bout it all night

Baby you should be up in my bed

Do you mind, do you mind?

Baby you, do you mind? Do you mind? Do you mind?You know, you know, you know, you know

We ain't got forever and ever

You know, you know, you know, you know

Let me be the one, baby you deserve better

You know, you know, you know, you know

We ain't got forever and ever

You know, you know, you know, you know

Let me be the one, baby do you mind? Do you mind?Ohh, do you mind if I talk to you?

And do you mind if I touch you there?

Baby know you can do better baby

I know it don't get no better than me

Let's not waste the time

You ain't gotta hold back 'cause once I get inside

You won't change your mind, you know that you can take it

No need to hesitate, I'm gettin' impatient

I'm not used to waiting, I want you to give it to me

Come on let me taste it until I get in love

Hope you're ready 'cause I'mma beat it up

Do you mind when I'mma had it? Know how to heat it upI should, I should be the one, baby you gon' learn that

Girl I know your body, know where every curve at

We been going all night 'til the early

Know you, know you wanna take off when you on my runway

We ain't got to talk about his conversate

Baby by the way I touch you, you know what I'm saying

Oh, oh, oh, ridin' slow

Oh, oh, oh I'm just trying to get to know ya

Get a little closer, maybe post up

Do you mind? Do you mind? Do you mind?

Do you mind? Do you mind? Do you mind?

Girl we been right here, thinkin' 'bout it all night

Baby you should be up in my bed

Do you mind, do you mind?

Baby you, do you mind? Do you mind? Do you mind? You know, you know, you know, you know

We ain't got forever and ever

You know, you know, you know, you know

Let me be the one, baby you deserve better

You know, you know, you know, you know

We ain't got forever and ever

You know, you know, you know, you know

Let me be the one, baby do you mind? Do you mind? I'mma do that favor, drippin' flavor in you two piece

I'mma keep my promise, never treat you like a groupie

Calamari dinners, got you eatin' raw sushi

Still in the trap but like my bitches bougie

Two cups of Styrofoam, excuse me little mama

I can hold you down, be your friend and your lover

You want watches, new Versaces, you want Celine

Top back, screamin' money ain't a ting Seen the two G-wagons in my driveway

Facetime, two black bottles by my fireplace

Fell out with your peoples so you took the pictures down

Instagram ain't been the same since you so distant now

Took you shopping in other places that I won't name

First time your friends really got the see Balmain

20 million cash, seen it there with my two eyes

We the best and I told you this back in '05

(Maybach Music) I'm just trying to get to know ya

Get a little closer, maybe post up

Do you mind? Do you mind? Do you mind?

Do you mind? Do you mind? Do you mind?

Girl we been right here, thinkin' 'bout it all night

Baby you should be up in my bed

Do you mind, do you mind?

Baby you, do you mind? Do you mind? Do you mind? Oh, just in case you need me

I don't mind

Yo, tell them what to do, tell them what to do, tell them what to do

When you see a bad bitch in front of you baby

Assume the position I'm just trying to get to know ya

Get a little closer, maybe post up
Do you mind? Do you mind? Do you mind?
Do you mind? Do you mind? Do you mind?
Girl we been right here, thinkin' 'bout it all night
Baby you should be up in my bed
Do you mind, do you mind?
Baby you, do you mind? Do you mind? Do you mind?
