dEUS

I'm gonna hit it and against the rock
I'm gonna hit it and against the rock, hit it
I'm gonna hit it and against the rock, hit it
I'm gonna hit it and against the rock, hit it
I'm gonna hit it and against the rock, hit it I skipped the part about love
I skipped the part about love I'm gonna hit it and against the clock
I'm gonna hit it and against the clock, hit it
I'm gonna hit it and against the clock, hit it
Every minute and against the clock, hit it
I'm gonna hit it and against the clock, hit it I skipped the part about love
I skipped the part about love I break my heart with a frying pan Via I'm gonna hit it and against the rock
Via I'm gonna hit it and against the rock
I'm gonna hit it and against the clock
I'm gonna hit it and against the clock, hit it
I'm gonna hit it and against the clock, hit it
I'm gonna hit it and against the clock, hit it
I'm gonna hit it and against the rock, hit it
I'm gonna hit it and against the clock, hit it
I'm gonna hit it and against the rock, hit it
I'm gonna hit it and against the clock, hit it
