## It's Undeniable

## **MxPx**

It doesn't matter what you need, just where you go to get it
It doesn't matter what you've done, there's no need to regret it
If you're a loser just like me then life hasn't been easy
Maybe you were waiting for the wake up call

And when it came your line was busyI know it's happened to me, and it will happen again
If I don't slow down and listenIt's undeniable, we're so much smaller than we think we are
It's undeniable, we're so much smaller than we think we areThe first step that I needed to take was giving God
control

That's a struggle for me everyday, and I'm letting you all know
There's a willingness that comes alive
When you begin tearing down the walls

But the first step is so very hard, if you take a first step at allI know it's happened to me, and it will happen again

If I don't slow down and listen

I know it's happened to me, and it will happen again

If I don't sit down and listenIt's undeniable, we're so much smaller than we think we are It's undeniable, we're so much smaller than we think we areWhen we've built up walls around us

Our hardened hearts can't bear

The healing hurts so badly

That no one seems to care

And after all, and after allIt's undeniable, we're so much smaller than we think we are It's undeniable, we're so much smaller than we think we areIt's undeniable, we're so much smaller than we think we are

It's undeniable, we're so much smaller than we think we are
