Evil Robots

Epsilons

I know it's not them, it's evil robot kiss
I know it's not them, it's evil robot kiss
It's a vast conspiracy...
Spread wide in infamyYou know it's not me, it's evil robot gene
It's the third reunion tour...
And we're still makin' greenNapster, napster
Were's the cash that i've been after?
