

6669 (I Don't Know If You Know)

Neon Indian

Limitless weight held by a single strand.
But you wouldn't understand.Limitless weight held by a single strand.
But you wouldn't understand.I'm so,
I don't know if you know,
I don't know if you know,
(did you)?I'm so,
I don't know if you know,
I don't know if you know,
(did you)?Everything comes apart if you find the strand.
All it takes is a hand.
All it takes is a hand.Everything comes apart if you find the strand.
All it takes is a hand.
All it takes is a hand.I'm so,
I don't know if you know,
I don't know if you know,
(did you)?I'm so,
I don't know if you know,
I don't know if you know,
(did you)?
