Will Young

Tell me how did we fall into this place
We move on, we will never be replaced
And I can't even think about the next
It's too far away
First I must forget by leaving
I am a different man
I didn't have the picture
For the perfect frame, I know that
We traveled streets unknown
Been away too long
Now it's time to go home
Back with our love
We should never be strangers
You should never pass me on the street
Would you please remember me
As I remember you?
Looking back we were strangers in the night
We were told that we let our hearts collide
And I swear I had the time of my life
Wish I could stay, it just wouldn't be right
I know you
You turn the light off last
You let me sleep to dream
You let me wake up first
I believe in you
And that will never change
But I must turn away
Now it's time to go home
Home, back with our love
We should never be strangers
You should never pass me on the street
Remember me please
Remember me please
Now it's time to go home
Home
