Will Young

Tell me how did we fall into this place
We move on, we will never be replaced
And I can't even think about the next
 It's too far away
 First I must forget by leaving
 I am a different man
 I didn't have the picture
For the perfect frame, I know that
 We traveled streets unknown
 Been away too long
 Now it's time to go home
 Back with our love
 We should never be strangers
You should never pass me on the street
 Would you please remember me
 As I remember you?
Looking back we were strangers in the night
 We were told that we let our hearts collide
 And I swear I had the time of my life
Wish I could stay, it just wouldn't be right
 I know you
 You turn the light off last
 You let me sleep to dream
 You let me wake up first
 I believe in you
And that will never change
 But I must turn away
 Now it's time to go home
 Home, back with our love
 We should never be strangers
You should never pass me on the street
 Remember me please
 Remember me please
 Now it's time to go home
 Home
