Will Young

Tell me how did we fall into this place  
We move on, we will never be replaced  
And I can't even think about the next  
    It's too far away  
    First I must forget by leaving  
    I am a different man  
    I didn't have the picture  
For the perfect frame, I know that  
    We traveled streets unknown  
    Been away too long  
    Now it's time to go home  
    Back with our love  
    We should never be strangers  
You should never pass me on the street  
    Would you please remember me  
    As I remember you?  
Looking back we were strangers in the night  
    We were told that we let our hearts collide  
    And I swear I had the time of my life  
Wish I could stay, it just wouldn't be right  
    I know you  
    You turn the light off last  
    You let me sleep to dream  
    You let me wake up first  
    I believe in you  
And that will never change  
    But I must turn away  
    Now it's time to go home  
    Home, back with our love  
    We should never be strangers  
You should never pass me on the street  
    Remember me please  
    Remember me please  
    Now it's time to go home  
    Home
