Poetic Rage

Fall of Envy

You feed the flame that burns inside my brain
If only you could see the problem?s here with me
Bruised and battered words could not be taken back
The blind and foolish soul just needs some room to grow
Fall back again and hope I try to mend
Your expression says it all
I failed
It?s always raining inside of my head
Don?t walk away from me, I can make things right
Don?t follow me out of here, I don?t know my way out of this
I can keep you with me, I can make things right
If I just try
Do you feel the fame(?), the words you just won?t say
I need to hear your voice, to help me make a choice
Walk the other way, let me make the change
Ashamed of what I am, again
It?s always raining inside of my head
Don?t walk away from me, I can make things right
Don?t follow me out of here, I don?t know my way out of this
I can keep you with me, I can make things right
It?s always raining inside of my head
It?s always raining inside of my head
Don?t walk away from me, I can make things right
Don?t follow me out of here, I don?t know my way out of this
I can keep you with me, I can make things right
