Johnny's Song

Stealers Wheel

Looking for something, looking for one thing
Trying to find anything that makes you feel
Gotta keep goin, dont let it get you down
Now youve got nothing to loseYouve been taking it so hard, taking it on the head
Dont you know lifes as good as being dead?
Gotta keep movin, dont let it get you down
Now youve got nothing to loseWhen everyone around you tells you you're doin fine
Theyre gonna drive you crazy
So dont close your eyes and swallow all those lies
Dont believe what youve been told
Cause youll wake up one day knowing
Nothing they say can satisfy your soulGotta keep movin, dont let it get you down
Now youve got nothing to loseWhen everyone around you tells you you're doin fine
Theyre gonna drive you crazy
So dont close your eyes and swallow all those lies
Dont believe what youve been told
Cause youll wake up one day knowing
Nothing they say can satisfy your soulLooking for something, looking for one thing
Trying to find anything that makes you feel
Gotta keep goin, dont let it get you down
Now youve got nothing to lose
