

# Johnny's Song

## Stealers Wheel

Looking for something, looking for one thing  
Trying to find anything that makes you feel  
Gotta keep goin, dont let it get you down  
Now youve got nothing to lose Youve been taking it so hard, taking it on the head  
Dont you know lifes as good as being dead?  
Gotta keep movin, dont let it get you down  
Now youve got nothing to lose When everyone around you tells you you're doin fine  
Theyre gonna drive you crazy  
So dont close your eyes and swallow all those lies  
Dont believe what youve been told  
Cause youll wake up one day knowing  
Nothing they say can satisfy your soul Gotta keep movin, dont let it get you down  
Now youve got nothing to lose When everyone around you tells you you're doin fine  
Theyre gonna drive you crazy  
So dont close your eyes and swallow all those lies  
Dont believe what youve been told  
Cause youll wake up one day knowing  
Nothing they say can satisfy your soul Looking for something, looking for one thing  
Trying to find anything that makes you feel  
Gotta keep goin, dont let it get you down  
Now youve got nothing to lose
