## **Something Something**

## Mika Singh

I want to be with you
Would do anything
Within reason for you
But if you don?t feel
The way I feel about you
I?ll just let my heart break

You have no soul It?s a love letter ?Cause they?re playing On your heart strings You?re wishing I would be well ?Cause your heartbeat Sets the song feel

(x2)

I don?t need you
I just want you
I want you
When you?ll hear this
You?ll know I?m?
You?ll know

You have no soul
It?s a love letter
?Cause they?re playing
On your heart strings
You?re wishing
I would be well
?Cause your heartbeat
Sets the song feel

(x2)

I don?t need you
I just want you
I want you
When you?ll hear this
You?ll know I?m?
You?ll know
