

I'm Running

Yes

Jacaranda
Help me out tomorrow
Jacaranda
Don't wanna be aloneKeep falling over
A spell that brings this sorrow
Give and take
I shouldn't be afraidSo you give me this big story
It wakes me every day
The challenge is to chase the sounds
Just to break awayAnd I'm running
Running
Yes, I'm runningA simple peace
Just can't be found
Waste another day
Blasting all their lives awayI've heard the thunder
Underground
Tunneling away
At the very soul of manAnd I'm running
Yes, I'm running
I'm running through a new worldThere is the heart of millions
Seen as a godsend to us
There stands our futureThere can be no denying
Simple as A B C D
There stands our children'sAll in the sharp step
As one together
All in all we race
As one this timeA simple peace
Just can't be found
Waste another day
Blasting all their lives awayI've heard the thunder
Underground
Tunneling away
At the very soul of man
At the very soul of manAnd I'm running
Running
I'm runningSee through science
Part of a back door
A door made up of doors
To an endless time

To a new world There in the heart of millions
Seen as a godsend to us
There stands our future There can be no denying
Simple as A B C D
There stands our children's lives All in the sharp step
As one together
All in all we race
As one this time Hear this voice now and forever
This time, brothers in time
Is it hard to take Take this choice
Is it hard to find?
Now and forever
This fire brothers of fire
As it kicks so hard
Hard to find
As it kicks on time There in the heart of millions
Seen as a godsend to us
There stands our future There can be no denying
Simple as A B C D
As it kicks so
As it kick so There in the heart of millions
Seen as a godsend to us All in a sharp step
As one together
All in all we race
As one this time
