

Run for It

Delerium

I can't fight the fighter, I keep losing ground
And I can't hide the hider with you hanging around
I can't and I won't You better run for your life love, I'm walking, I'm walking I can't love a hater, it's a losing
game
I'll never love a quitter, you'll get left in rain I can't help the helper when my feet are bound
I can't feel you near me if you're not the only sound
You are, you're not You better run for your life love, I'm walking, I'm walking
You better run for your life love, I'm walking, I'm walking
You better count up your reasons, I'm leaving, I'm leaving
You better count up your reasons, I'm leaving, I'm leaving How do you like the way it feels when I leave you?
How do you like the way it feels when I leave you?
Leave you You better run for your life love, I'm walking I'm walking
You better run for your life love, I'm walking I'm walking
You better count up your reasons, I'm leaving, I'm leaving
You better count up your reasons, I'm leaving, I'm leaving
You better run
