

Like A Fool

[Keira Knightley](#)

We take a chance from time to time
And put our necks out on the line
And you have broken every promise that we made
And I have loved you anyway Took a fine time to leave me
Hangin' out to dry
Understand now I'm grieving
So don't you waste my time
Cause you have taken all the wind out from my sails
And I have loved you just the same We finally find this then you're gone
Been chasin' rainbows all along
And you have cursed me when there's no one left to blame
And I have loved you just the same And you have broken every single fucking rule
And I have loved you like a fool
