

Come With Me

Brandi Sue Ryland

I saw light at the end and your hand held out
Come with me you said, Come with me
You were happy and free, a sparkle in your eye
Come with me you said, Come with me

Come with me, See what I see, Come with me
Come with me, Feel the love, Free your spirit
Come with me, Come with me
Come with me, See what I see, Come with me

There were angels aside when Iâ€™m ready or not
Come with me you said, Come with me
I now know a safe place where your warm heart is
Come with me you said, Come with me

Come with me, See what I see, Come with me
Come with me, Feel the love, Free your spirit
Come with me, Come with me
Come with me, See what I see, Come with me

You were happy and free
A sparkle in your eye
When Iâ€™m ready or not

Come with me, See what I see, Come with me
Come with me, Feel the love, Free your spirit
Come with me, Come with me
Come with me, See what I see, Come with me

Come with me
See what I see
Come with me
