

Dissident Aggressor

Slayer

Grand Canyons of space and time universal

My mind is subjected to allStab, fight

The hooks to my brain are well in

Stab, fight

I know what I am, I will liveCracked, blackened memories of unit dispersal

I face the impregnable wallStab, fight

The hooks to my brain are well in

Stab, fight

I know what I am, I will liveExploding, reloading, this quest never ending

Until I give out my last breathStab, fight

The hooks to my brain are well in

Stab, fight

I know what I am, I will live
