Post-Tour, Pre-Judgement

Aereogramme

Don't you know where I've been?
I have climbed every mountain
Don't you know what I've seen?
The Earth, the sky and the Moon
Above, and inbetween, I'll shine like I should'veIn a way, without hate, I wouldn't be what I am
In a way, without hate, I wouldn't be what I amDon't you know what I've been?
Did I cause every tension?
But I want you to be
The Earth, the sky and the Moon
In love, and in between, I'll shine like I should'veIn a way, without hate, I wouldn't be what I am
In a way, without hate, I wouldn't be what I amInto a world I can do without
Into a world I can do withoutUndecided
Should I pray to something else
Undecided
Should I pray to somethingFuck the devil
Fuck myselfNow
Look at me now
Look at me now
Now
Look at me now
Look at me now
Look at me now, now, now
