

Trapped in a Basement

Black Lips

I'm trapped in a basement
And there's no way out
I'm a papa's favorite
Without a doubt I haven't seen the sun
For twenty-four years
But now, my time is there (I'm daddy's favorite girl) It's over now
(I'm daddy's favorite girl) It's over now
(I'm daddy's favorite girl) It's over now
(I'm daddy's favorite girl) Trapped in a basement
And my food is running out
He doesn't listen
He's all about He's on vacation
Soaking out the sun
I don't want me
I'll be done (I'm daddy's favorite girl) It's over now
(I'm daddy's favorite girl) It's over now
(I'm daddy's favorite girl) It's over now
(I'm daddy's favorite girl)
