

The Way

Fastball

We made up their minds and they started packing
We left before the sun came up that day
An exit to eternal summer slacking
But where were they going without ever knowing the way? We drank up the wine and they got to talking
We now had more important things to say
And when the car broke down they started walking
Where were they going without ever knowing the way? Anyone could see the road that they walk on is paved in
gold
And it's always summer, they'll never get cold
They'll never get hungry, they'll never get old and gray
You can see their shadows wandering off somewhere
They won't make it home but they really don't care
They wanted the highway they're happier there today, today The children woke up and they couldn't find 'em
We left before the sun came up that day
We just drove off and left it all behind 'em
But where were they going without ever knowing the way? Anyone could see the road that they walk on is paved
in gold
It's always summer, they'll never get cold
They'll never get hungry, they'll never get old and gray
You can see their shadows wandering off somewhere
They won't make it home but they really don't care
They wanted the highway, they're happier there today, today Anyone could see the road that they walk on is
paved in gold
It's always summer, they'll never get cold
They'll never get hungry, they'll never get old and gray
You can see their shadows wandering off somewhere
They won't make it home but they really don't care
They wanted the highway, they're happier there today, today
