

Taste It

Blue

Where you gone, honey? You got the flow
So why would you wanna be leaving?
Think again, honey, it's not the end
The loving that you've been receiving, no(Don't you know?)
You've got it
(Don't you know)
I want it
(Don't you know)
I'm begging for more(Can't believe)
What I'm seeing
(Can't you see?)
What I'm feeling
Tonight is our night girl for sure, for sureEverybody there's a party going on right here
Anyone who's anybody is getting down, oh yeah
We got the music grooving and the girls are moving everywhere
Shaking their hips and licking their lips
Baby, I can almost taste it, taste itThe night is young but we don't have long
So tell me is it your place or mine?
Girl, turn off the phone, now I've got you here alone
I want to have you to myself, don't wanna hear from no one else(Don't you know?)
I got it
(Don't you know?)
You want it
Tonight is our night girl for sure, for sureEverybody there's a party going on right here, oh yeah
Anyone who's anybody is getting down, oh yeah, down oh yeah
We got the music grooving and the girls are moving everywhere
Shaking their hips and licking their lips
Baby, I can almost taste itBaby, baby won't you just face it?
Don't you think it's time that we got naked?
Look into my eyes I ain't faking
I ain't fakingRight before your eyes
You got me hypnotized
You better move your, shake your
Taste itEverybody there's a party going on right here
Anyone who's anybody is getting down, oh yeah
We got the music grooving and the girls are moving everywhere
Shaking their hips, tryin' a licking their lips
Baby, I can almost taste itEverybody there's a party going on right here
Anyone who's anybody is getting down, oh yeah

We got the music grooving and the girls are moving everywhere
Shaking their hips, licking their lips
I can almost taste itEverybody there's a party going on right here
Anyone who's anybody is getting down, oh yeah
We got the music grooving and the girls are moving everywhere
Shaking their hips, licking their lips
Baby, I can almost taste it
