## Korn

I'm...dont want the hurt you  
I'm...dont want who kiss  
I'm...dont want looking down at you  
I dont want- who's there?What do you think I've become?  
What do you think I've become?I'm the one looking down on you  
Where do you go when no one's there?  
....no one's there...
