## The Cult

Woke up this morning, my head felt like a war zone  
A mess of excess last night  
If I get to the weekend  
I'm sure I'll find paradise, oh, yeah Jesus' symbol is spinnin' 'round my head  
Do you know my karma is cut up into shreds?  
I've been searchin' for such a long time  
I need that peace of mind, peace of mind, yeah All the time I wonder  
Where can I find this place?  
All the time I wonder  
Did I ever fall from your grace? I got up this morning, my head felt like a war zone  
A mess of excess last night  
I know if I get to this weekend  
I'm sure I'm gonna find paradise, oh, yeah Jesus' symbol is spinnin' 'round my head  
Do you know my karma is cut up into shreds?  
I've been searchin' for such a long time  
I need that peace of mind, peace of mind, oh, yeah
