## The Cure

Yeah it's a big bright beautiful world  
Just the other side of the door  
Six billion beautiful faces  
But I saw them all before...No this is not about running out on you  
Not a case of right or wrong  
It's only that it's over and done for me  
It's already been and goneAnd I don't want another go round - I don't want to start again  
No I don't want another go round - I want this to be the end  
I want this to be the end - I don't want to start again  
I want this to be the last thing we do  
It for me and you...For all my dreams came true  
Yeah I know I should care if you come with me  
Yeah and I should care if you go  
Really should care about your love or your hate of me  
Yeah I should care...but I don'tAnd it's not about giving up on you  
It's not a case of do or die  
It's simply that it's over and out for me  
There's no more room insideAnd I don't want another run around - I don't want to start again  
No I don't want another run around - I want this to be the end  
I want this to be the end - I don't want to start again  
I want this to be the last thing we do  
It for me and you...Yeah it's a big bright beautiful world out there  
Just the other side of this door  
Six billion beautiful faces await  
But I saw it all before...No this is not about running out on you  
Not a case of right or wrong  
It's only that it's over and done for me  
It's already been and goneAnd I don't want another go round - I don't want to start again  
No I don't want another go round - I want this to be the end  
I want this to be the end - I don't want to start again  
I want this to be the last thing we do - this to be it for me and you  
This to be the last we go through  
This to be the end  
For all my dreams came true
