I'm Gonna Fight for You J.B.

[John Mayall](#)

I'm gonna fight for you, J.B.
Your passing made so many cry
I'm gonna fight for you, J.B.
Your passing made so many cryBut you are resting now from struggle
Up in God's land beyond the skyWell, I believe you got a bad deal
And that's something I want put right
I believe you got a bad deal
And that's something I want put rightWell, I wanna people hear your blues
And keep them thinking day and nightWell, you are born in Mississippi
And now you're laid to rest out there
You were born in Mississippi
And now you're laid to rest out thereBut I'm gonna fight for you, J.B.
I want your blues out everywhere
