

# Sound of Music

## Dayton

(The sound)

The sound of music makes me feel like dancing  
The sound of music always makes me jive (The sound)  
The sound of music makes me feel so alive  
The sound of music makes me jive

(The sound)

The sound of music makes me feel like dancing  
The sound of music always makes me jive (The sound)  
The sound of music makes me feel so alive  
The sound of music makes me jive

The sound of music

Got the groove alive can use it  
But deep inside I feel the music  
A-burning deep inside

Oh, the sound of the music  
Feel the groove alive it can use it  
But deep inside I feel the music  
A-burning deep inside

Love you like the sound of music  
Love you like the sound of music  
Love you like the sound of music  
Love you like the sound of music

Love you like the sound of music

The sound of music  
Got the groove alive can use it  
But deep inside I feel the music  
A-burning deep inside

Oh, the sound of the music  
Feel the groove alive it can use it  
But deep inside I feel the music  
A-burning deep inside

Love you like the sound of music

Love you like the sound of music  
Love you like the sound of music  
Love you like the sound of music

Love you like the sound of music  
Love you like the sound of music  
Love you like the sound of music
