

Staring at the Sun

Jason Collett

Fishin' in the sea of song
Sometimes stormy
Sometimes calm
Sometimes nothing gets done
And you're under the gunStarin' at the sun
I've been sittin' here for days
Hummin' it over every way
I get a tune in my head
Everyday you wake up in my bed
Starin' at the sunSo long as the day is long
It matters where you hum along
Some get lucky
Some are charmed
I try not to work too hardStarin' at the sun
Starin' at the sun
Starin' at the sun
